

With over 50 years of speaker system know-how involving concerts, movies and clubs, Cerwin-Vega! is the name you can count on to recreate the full impact of your particular music, gaming and playback situation in your home or office environment.

When setting out to create the powered XD Series, Cerwin-Vega! engineers made their goal to deliver optimal sound reproduction from a selection of compact systems and enclosures that fit neatly in a desktop application. In the tradition of Cerwin-Vega!, products key design goals included optimized frequency response, overall clarity, low distortion and decent bass performance, a Cerwin-Vega! trademark.

The complete XD Series line includes a range of four models with 3", 4", 5", full range systems and an 8" Subwoofer. Each full range is matched with low distortion and high output amplifiers and soft-dome tweeters for optimal performance. For those looking for even more deep bass extension, the XD8s active subwoofer will take any system to a new level of bass performance. And unlike typical desktop systems, the Cerwin-Vega! XD Series is built with Solid MDF wood enclosures.

Of course the mark of a great desktop speaker is versatility, and Cerwin-Vega! designers ensured that the XD line will fully integrate with any of your equipment or desktop configuration. As such, all XD products have the capability of handling several input options from both front and rear inputs. A convenient front panel headphone jack also provides output for private monitoring when you need to "keep it down."

Protective Metal Covers

Illuminated Volume Knob

3/4" Tweeter on XD3 and XD4,
1" Tweeter on XD5

3" Woofer on XD3, 4" Woofer on
XD4, 5" Woofer on XD5.

1/8" Headphone Jack

1/8" Input Connector

Optimally designed port for proper
low frequency phase alignment
and minimal turbulence

Audio Input (RCA)

Audio Input (1/4" Balanced)

Vega-Bass Boost Switch turns on
Enhanced Bass EQ

Right Speaker Connection

Power Switch

XD8s Subwoofer with Remote

Optimally designed port for proper low frequency phase alignment and minimal turbulence

Efficient high excursion 8" subwoofer for extended bass response and high SPL covered with protective steel grille

Volume knob for matching sub output to desktop monitors

Crossover Selection Switch for matching sub to desktop monitors

Audio inputs and outputs for use with desktop monitors

Polarity switch to ensure proper phase alignment with your desktop monitors

System Remote Connection for easy access to the entire audio system

Remote Control — Controls Entire System Volume

Volume knob controls sub and desktop monitors together

SUB MUTE/Bypass switch

1/8" Audio Input

TECHNICAL SPECIFICATIONS

	XD3	XD4	XD5
Configuration	Stereo 2-Way Speaker Pair with Built-in Amplifier		
High-Frequency Driver	¾" Soft-dome		1" Soft-dome
Low-Frequency Driver	3"	4"	5"
Frequency Response	88Hz – 21kHz	75Hz – 21kHz	60Hz – 21kHz
Power Output	30 Watts	40 Watts	50 Watts
Porting	Custom Tuned Rear Porting		
Connections	1/8" Aux Input (front) RCA (rear)	1/8" Aux Input (front) RCA (rear) Balanced ¼" TRS (rear)	
Magnetic Shielding	Yes	Yes	Yes
Accessories	1/8" stereo to RCA cable Speaker Cable	1/8" stereo to RCA cable Speaker Cable	1/8" stereo to RCA cable Speaker Cable
Dimension (each) (H x W x D)	8.0" x 5.50" x 6.50" (203mm x 140mm x 165mm)	9.06" x 6.10" x 8.07" (230mm x 155mm x 205mm)	10.24" x 7.28" x 9.45" (260mm x 185mm x 240mm)
Weight (pair)	6.5 lbs. (2.9kg)	13.6lbs. (6.2kg)	17.4 lbs. (7.9kg)

	XD8s
Configuration	Subwoofer with Built-in Amplifier
Drivers	8"
Frequency Response	35Hz – 255Hz
Frequency Range	32Hz – 390Hz
Amplifier Power	80 W RMS
Porting	Custom Tuned Front Porting
Controls	Selectable Crossover (80Hz, 100Hz, 120Hz, Bypass) Rotary Volume Control Switchable Polarity 0°-180°
Connections	RCA INPUT & OUTPUT, Balanced ¼" TRS INPUT/OUTPUT
Accessories	RCA Connection Cable included
Product Dimensions (H x W x D)	21.75" x 18.11" x 19.29" (460mm x 240mm x 490mm)
Product Net Weight	18.5lbs. (8.4kg)
